

WITTY'S GREAT ADVENTURE

CHAPTER 4

**Miz and Witty cross a river
full with cream and chips.**

**They walk past a group
of biscuit animals.**

Suddenly a huge gingerbread man appears and chases after them.

**Miz and Witty quickly hide.
There is a giant ant nearby,
and this gives Witty an idea.**

**"Hey! Giant Ant! Come over here!"
They lead the giant ant towards
the gingerbread man.**

While the giant ant and the gingerbread man fight, Witty and Miz run away.

**They reach Mountain Choco
and climb upwards.**

Inside the mountain, there is a spaceship and a guard. Luckily, the guard is asleep.

Miz and Witty quietly sneak behind the warrior and enter the spaceship.

"Yes! Now we can go home!"

Miz drops Witty at his planet and zooms off.

**To Witty's surprise, he finds
the Wishing Starfish on his sofa.
"Back so soon? Never mind, this
time it will be a Great adventure!"**

A hole appears and Witty falls in again.

Is this the end for Witty?
Or will there be more?
